

Fantasy Truck Pullers Small Block Street Gas 4x4 Class Rules – Revised 2/21/22

365 CI, 133" Wheelbase, 5800# & 6000#, 24" hitch height

Any truck with a wheelbase over 133" must have working factory suspension and cannot block suspension in any way. No added weight allowed ahead of the front axle.

If truck exceeds 6000# truck may compete, but no additional weight can be added anywhere on or in the truck.

33x12.50 or 305/70 DOT tires, no siping or cutting, no duals, DOT rims only. No bar tires.

Stock fuel tank in original factory location (no fuel cell/tank forward of the rear of the cab), battery, engine and radiator in original factory location

Steel body, steel flatbed, **aluminum flatbed must have headache rack** - must be of a usable style not sheet metal and light tubing, angle, or flat steel. Full interior, factory glass

1-ton drivetrain max, no aluminum hubs, brakes on all 4 wheels, minimum of 4 leaf springs in the rear of the truck

Bolt on bars and blocks

Pump gas only maximum 93 octane. No E85. No nitrous or fuel additives. Fuel samples will be taken if necessary. No turbos, superchargers blowers etc

Headers allowed. Exhaust must exit behind the cab to the rear of the truck or out the side.

Receiver hitch point 24". Hitch must be ridged in all directions. Hook point/opening must be behind the factory frame and bed. Must have 3" wide by 4" long opening for the sled hook.

Mechanical water pump and alternator

Factory block, no aluminum blocks, cast iron heads only. No Cleveland heads. No Chevy 14 Pro Action heads. No LS3 LS7 or LS9 heads for GM

Approved heads for late model (99 and newer) engine swaps:

GM: factory available cathedral port only

Mopar: Factory available, 5.7 Hemi 2003-2008, No 5.7 Eagle heads

Ford: Factory production

No factory branded performance heads allowed.

Must have factory part #'s

Any questions on heads being legal or not call a board member.

750 cfm carb with choke tower, no aftermarket vacuum pumps, no dry sump

Dual plane air gap style intake. No FAST LSX intake manifolds.

Front weights for 133" (or less) wheelbase. Weight added to front of vehicle may not exceed more than 60" from center of front axle. Hanging weights only. No weight boxes. Weights must stay within the outside width of headlights and no higher than the bottom of the headlights

No EFI unless it came from the factory. EFI engines must use a factory intake. Engine swaps to older trucks must use a carburetor. 1999 and up cannot run older carb engine. No frame/body swap. Older chassis must use same era of body.

Helmet recommended.

Must also follow Fantasy Truck Pullers general rules and guidelines.

Keep in mind this is a new class, so the rules may need to be changed to keep the class in check so 1 combination doesn't dominate the class. Weight and hitch height are a preliminary starting point.

\$200 Membership for the truck and driver_ this includes 2 pit passes. No hook fees for members. Members pull for points. Members get 2 free dinners at the banquet 1st 2nd 3rd place trophy. 1st place also receives jacket or \$100 towards membership. Nonmembers pay a \$50 hook fee.
